GOVERNOR-ELECT HARMON CARRIES OHIO BY 20,000

HARRIS

Sends Congratulations to Judge Harmon

LATTER WILL HAVE 20,000

Chairman Williams of Republican Committee Concedes Defeat

Governor Harris Will be Asked to Call Special Session of Legislature to Name Foraker's Successor.

Columbus, Nov. 5.—Governor Harris on reaching his office today sent the following message:

"Hon. Judson Harmon, St. Paul Bldg., Cincinnati:
"Dear sir: The returns this morning satisfy me of your election, and I send herewith my congratulations."
"ANDREW L. HARRIS."

Republican State Chairman Williams today conceded the defeat of Governor Harris by Judson Harmon, whose plurality will be about 20,000. The balance of the Republican state ticket is almost certain to be elected and the legislature which will elect Foraker's successor, is Republican.

The constitutional amendment for biennial legislative sessions in January following the election is probably beaten. Governor Harris will be asked to call a special session of the legislature before he retires to name a successor to Foraker, so as to prevent Judge Harmon naming a Democrat to fill the vacancy until 1910.

The Taft plurality will be from 50,000 to 60,000 in Ohio.
Practically complete but unofficial returns today indicate that the Ohio congressional delegation will consist of twelve Republicans and nine Democrats, a gain of four for the Democrats. Sherwood has pulled through in the Ninth district, and the Democrats have kept four other districts they have in the present congress, and in addition, gained the Second, Third, Thirteenth and Fourteenth. Douglass, Reuben, is apparently safe in the Eleventh. Republican managers today are fearful that in case Harris calls a special meeting of the legislature, which is probable, Foraker men now in the legislature will prevent an election unless Senator Foraker is returned, thus allowing Harmon to appoint a Democratic senator.

Returns this afternoon indicate that the Republicans will control the legislature by about 26 majority on joint ballot.
As to the balance of the ticket, the Democratic leaders think the Republicans have all won out, but the returns will show that Green and Pullington, Republican candidates for treasurer and auditor of state, were considerably out.

MOTHER'S AWFUL DEED.
Chicago, Nov. 5.—Mrs. Harry W. Lynn, wife of the department manager of the Illinois Steel company, killed her four-year-old daughter by cutting her throat with a razor, and then committed suicide with the same weapon at her home today. No cause for the crime is known.

FOUND DEAD BOY BETWEEN BRAKE ROD

New York, Nov. 5.—Examining the brake beams of his trolley car, which had not been working properly, Motorman John Becker, of the Second Avenue line, found the little, mangled body of Salvatore Cantello, a three-year-old boy, who had been run over and dragged more than two miles and a half. The body was jammed between the brake rods. The boy had been playing with some companions in the street, several of whom saw him drawn under the car. The motorman sped on, ignorant of the tragedy.

NOW UP TO G. O. P. TO BANISH PANIC

Atlanta, Ga., Nov. 5.—Clark Howell, national Democratic committeeman from Georgia, said of the election of Mr. Taft:

"Mr. Bryan has made a wonderful campaign, but he could not overcome the prevailing idea that business conditions would be adversely affected by Republican defeat."

"It is now up to the Republicans to make good their pledge to restore prosperity, for to that pledge they must attribute their success more than to anything else."

HOME MADE CHRISTMAS PRESENTS

The Advocate has purchased the right to publish a series of interesting original illustrated suggestions for dainty Christmas gifts, with directions for making the articles and a list of the material required. The articles tell how to make pretty but inexpensive gifts for both sexes, and they will help materially to solve the perplexing problem, "What shall I give to him or her?" The first of the series on Home-made Christmas Presents appears in this issue of the Advocate.

NARROW ESCAPE FOR THE CREW

Waukegan, Ill., Nov. 5.—The crew of the schooner Oscar Newhouse barely escaped with their lives early today, when their vessel went down off Waukegan. The boat sprung a leak and sank rapidly. Just after the life savers took the crew off, the vessel went down.

NEW POLICE CHIEF.

Dayton, Nov. 5.—The board of safety of this city at a session last night appointed Captain Allaback chief of police to fill the vacancy caused by dismissal of Chief J. C. Whitaker. Captain Allaback has been a member of the force for 22 years and for 15 years has been next in command.

PLUNGED INTO MOLTEN LEAD

Cincinnati, Nov. 5.—Valero Gagona plunged head foremost into a pot of molten lead this morning at work. He was burned about the head and body, lost both eyes and sustained fatal injuries.

MR. BRYAN SAYS HE IS HAPPY OUT OF OFFICE

Lincoln, Neb., Nov. 5.—While not caring to discuss at this time the political effect of the Democratic victory in his home state or analyze the causes, William I. Bryan in an informal talk to a number of friends who called on him, expressed his pleasure at the result in Nebraska, and the satisfaction it afforded him to learn of the election of so many of his political and personal friends.

A delegation numbering nearly a hundred from Lincoln visited Mr. Bryan at Fairview to express their confidence and devotion to him and to assure him that such was the sentiment of a majority of the people of his city and state.

Mr. Bryan, in responding, said: "I am highly gratified over the results in this state. The national defeat has not been such a disappointment, for we have so many things to console us. I hope I have convinced my friends that running for office has only been an incident in my work. My heart has never been set on holding office, but I wanted to do certain works, and it looked as though the presidency might offer an opportunity to do that work."

FACES

Of Familiar Men Will be Absent in Washington

HEPBURN WAS RETIRED

Election Makes Changes in the Congressional Personnel

Indiana Decides to Dispense With Overstreet and Landis—Republicans Still Have Working Majority.

Washington, Nov. 5.—According to figures based on returns available at the present time, the Republicans will have a two-thirds majority in the United States senate, as the result of the elections, practically the same as at present. Of the 92 members of that body 61 hold over, leaving only 31 places to fill. Of these 18 are Republicans and 13 Democrats. Alabama, Arkansas, Louisiana and Maryland already have chosen Democrats and Kentucky and Vermont Republicans. The other senators to whom successors are to be elected are:

Republicans—Allison, Iowa (who will be succeeded by a Republican); Ankeney, Washington; Brandegee, Connecticut; Gallinger, New Hampshire; Hansbrough, North Dakota; Heyburn, Idaho; Hopkins, Illinois; Kittredge, South Dakota; Long, Kansas; Penrose, Pennsylvania; Perkins, California; Platt, New York; Smoot, Utah; Stephenson, Wisconsin. All of whom will be succeeded either by themselves or other Republicans.

Democrats—Clay, Georgia; Gary, South Carolina; Gore, Oklahoma; Milton, Florida; Overman, North Carolina. All of whom will be succeeded by Democrats.

The only senators remaining in doubt are those of Ohio, Indiana and Oregon, which are now represented by Senators Foraker, Hemenway and Fulton, Republicans, and Colorado, Missouri and Nevada, represented by Senators Teller, Stone and Newlands, Democrats.

Governor Cummins of Iowa is about to realize his ambition of becoming a senator from that state. He has many admirers in Washington and his entry upon the scene of national politics will be observed with keen interest. If Indiana should send a Democrat in place of Hemenway, it

am sure that in private life I can have the chance to do something. One is not required to hold office in order to do big things; one is simply required to do those things within his reach, and that much is within the reach of each of us.

"Personally I shall find as much joy being out of office, if the returns show I must be, as I would be in office. I hope still to be of influence to bring about needed reforms. I appreciate very much the confidence and loyalty of the people near us. It has been the greatest comfort that the election has given us. The fact that those among whom we live have shown this confidence, we appreciate more than I can tell. It has been very kind in you to come out here and visit us on this day."

The defeat he sustained did not weigh heavily on Mr. Bryan. He was one of the most cheerful of those at his home, and laughed and joked good-naturedly with his visitors. Last night Mr. Bryan was the guest of honor at the banquet of the State Teachers' association, where he made a short address. He has no other immediate plans than to rest at home.

is supposed here that John W. Kern, the defeated vice presidential candidate, will be chosen, and he would be the first Democrat to occupy a senatorial seat from Indiana since 1899, when David Turpie surrendered his office to Senator Beveridge.

The final figures regarding the result in the house probably will show little change in numbers on the respective sides, but there will be a considerable shifting in the personnel of that body. A number of surprises already have been recorded, and probably the most pronounced was the defeat of Representative Hepburn of the Eighth Iowa district. Mr. Hepburn has been in congress so long and as chairman of the interstate commerce commission had been so prominent that he had come to be regarded as almost a fixture in Washington. He was a strong supporter of the president's policies.

Washington was quite unprepared for the retirement of C. B. Landis and Jesse Overstreet of Indiana. Both hold chairman assignments and have been so long in the service that they are well known to the Washington public. That General Sherwood, the independent Democrat from the Ninth Ohio district who sprang into notice during his one term through his sharp differences with his soldier colleague, General Keifer, should be retired, is not so surprising, as he was elected in 1908 by the small majority of 40 votes in a district which had hitherto been overwhelmingly Republican. The second defeat of J. T. McCleary by Mr. Hammond in the Second Minnesota district brings to mind the fact that he resigned his position as second assistant postmaster general to make the recent race. Republicans generally are delighted with their gain of two members from the new state of Oklahoma.

RETAIN CONTROL

Republicans Assured of Working Majority in Lower House.

Chicago, Nov. 5.—Three hundred and seventy-two congressional districts have been heard from, and the political complexion of the Sixty-first congress, according to present information and with 13 districts yet to hear from, will be: Republicans, 214; Democrats, 170. The result in several doubtful districts may alter these figures.

One hundred and ninety-six votes will control the house. The house of representatives in the Sixtieth congress consisted of 166 Democrats, 223 Republicans, and there are two vacancies.

FATHER RETURNS WITH DAUGHTER

New York, Nov. 5.—J. L. Morgan, the millionaire father of the Marion, N. C., girl, who eloped with a young man of literary ambitions, is believed to have arrived here today on the steamer Majestic. He had been to Paris, where he found his daughter, and was expected to bring her back to this country. The passenger named Morgan could not be found after the steamer docked, and the report as to his identity could not be verified.

FLEET SAILS FOR MANILA

Amoy, China, Nov. 5.—The second squadron of the American fleet sailed for Manila today. Admiral Emory on the Louisiana, will go to Hongkong for a brief visit, but the other seven ships will go directly to Manila, arriving there Sunday according to the present schedule. The officers and men were glad to leave China for they now consider that their faces are turned homeward.

COLONEL AND MRS. JOHN JACOB ASTOR, WHO NOW HEAD THE ASTOR FAMILY

New York, Nov. 5.—The death of Mrs. William Astor, for 20 years the acknowledged leader of New York society, leaves Colonel John Jacob Astor and his wife at the head of the famous Astor family in America. Colonel Astor was born in Rhinebeck, N. Y., in 1864, the son of William Astor, fifth avenue, New York, has been grandson of William B. and great-grandson of John Jacob Astor. His wife was Miss Ava Lowie Willing of Philadelphia, and they were married in 1891. Colonel Astor served in the United States volunteer army in the war with Spain, and was on General Shafter's staff at the surrender of Santiago. His palatial home at 840 Fifth avenue, New York, has been the scene of the most brilliant social events of recent years.

DRANK POISON AND SET CLOTHING AFIRE

Albert Roesch, of 267 Granville Street Attempts Horrible Method of Ending Life--Can Live But Short Time.

A horrible and probable successful attempt to commit suicide was made Thursday morning by Albert Roesch, 65, a carpenter living at 267 Granville street, when he drank half a pint of corrosive sublimate, poured a quantity of coal oil on his clothing and set fire to them. The prompt work of his wife and a neighbor, a Mrs. Smith, is all that saved him from burning to death.

Roesch, who is in the last stages of Bright's disease, has been unable to work for months, and was dependent on his wife for support. She took in washings and did all she could to supply the necessities of life for herself and her invalid husband. Thursday morning, about 6:30 o'clock, she left the house to go to a neighbor's for a bucket of water, and while she was absent, her despondent husband slipped from the house, half clad, and went to a closet in the yard.

Holding the door shut to prevent any person from entering, he drank the poison and poured the inflammable oil on his clothing. Then touching a match to his trousers leg he watched the flames lick greedily at the saturated garments. His wife returning missed him, and hearing his heart-rending groans rushed to the closet where she found her husband lying on the floor wrapped in flames and suffering intense agony from the poisonous fluid in his stomach.

Her screams brought Mrs. Smith to her assistance and together they

LETTER OF RESIGNATION OF PRES. CHAS. W. ELIOT

Following is the letter of resignation of President Charles W. Eliot, which was mentioned in Wednesday's issue of the Advocate:

Boston, Nov. 5.—President Charles W. Eliot of Harvard university has decided for the present to make an extension of his resignation, which was presented to the board of overseers of Harvard college at a special meeting in this city, in university circles it is commonly understood that as he will be 75 years old next March and has been at the head of Harvard for 19 years he desires to be free from the cares of office the remainder of his life.

The name of A. Lawrence Lowell, a Boston lawyer and trustee of the Lowell institute, is the most prominently mentioned in connection with the vacancy which will be left when President Eliot returns next May.

For a year or more rumors have been heard that President Eliot would be Harvard's next president but inquiry among the alumni of the institution does not indicate that his name has been considered seriously. The announcement of the resignation was made at the conclusion of a special meeting of the board of overseers.

On 19, 1908
"Whereupon it was voted that the president's resignation be respectfully accepted to take effect May 19, 1909."

TAFT VOTE INCREASING

Maryland Republicans Claim State and National Ticket

West Virginia for Taft and He is Gaining in Missouri--Results as Seen From Latest Reports.

New York, Nov. 5.—Late developments in the election situation surprised the political leaders of both big parties, and the result may be a vindication of the judgment of Chairman Hitchcock, who declared that Taft would receive 325 votes in the electoral college. Late returns indicate that he is practically assured of 309 votes and has a fighting chance for Missouri's 18 votes which would give him a total of two more than Mr. Hitchcock claimed. Missouri had been conceded to Bryan, and the plurality from a good part of the state, including St. Louis, which was turned in took the leaders by surprise. If the advantage is continued Missouri will be in the Taft column. It is now placed among the doubtful.

Another surprise was the close vote in Maryland, which is claimed for Taft by the margin of 136 votes only. The Democrats do not concede the loss of the state and will be satisfied with nothing short of the official count. Considering Maryland to Taft and figuring Missouri as the one still doubtful state, Bryan has 156 members of the electoral college assured him.

Following is the electoral vote as it is likely to be cast on the face of the latest returns:

HOOSIERS SURPRISED

Were Not Prepared For Radical Congressional Changes.

Indianapolis, Ind., Nov. 5.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of the election. The latest unofficial returns completely give the Democrats parity in members and the Republicans two. This is a total of seven members for the Democrats and the Republicans. They say I'm a "Thousand Dollars a Week" man, and I got a little in a bank. They're going to get the rest when the rains come. You'll find me out there with them, and though I ain't good at sums, I figure out how much we be losing anything if I leave now. That's all I tried to subtract fifteen years of hard labor from the fourteen years board and lodging you've wasted about giving me, and I don't seem to get any results. The horses were cold, and started apparently for their home, but when they reached the square, in front of the Griggs company's store, they were running freely, and it looked as if there would be a bad smash-up, but some brave fellow dashed out and getting hold of the horses' heads, succeeded in stopping them.

Mr. Herb Harris, of the Cherry cigar manufacturing establishment of this city, has received a letter from Mr. J. P. Cherry, who went to Chicago last Sunday to take the Pasteur cure for rabies. Mr. Cherry writes that he has taken three treatments and is getting along nicely. He says he will have to remain there at least two weeks in order to take the full treatment. Mr. Cherry was the owner of a fine bird dog that licked a raw sore on one of his hands, soon after going mad. The dog's head was sent to Columbus, and Dr. Probst, the state health officer, pronounced the animal to be suffering with rabies at the time of his death.

PLEASANT NEWS FOR VETERANS

Toledo, Ohio, Nov. 5.—General Isaac R. Sherwood, Democrat, has been re-elected to congress by at least 1200 over James H. Southard, in this heavily Republican district. The general carried every county in the district except Fulton, which gave Southard a reduced majority. Two years ago Sherwood was elected by only 23 votes.

RACING GAME

New York, Nov. 5.—When the bugler called the field to the post for the final race of the Jamaica meeting the handful of faithful followers of the sport sprinkled about the stands bade goodbye to racing in the state of New York.

It was a gloomy 350 turf men that turned their steps cityward at the close of the race. To every one, even the highest officials, the re-election of Governor Hughes meant the death of the sport in this state and there was no one to predict anything more cheerful to the race going public than a bare possibility of a "construction of conditions" or a new "change of the anti-racing law." It is believed that none of the tracks will open their gates next season.

PALMA DEAD IN CUBAN HOME

Havana, Nov. 5.—Tomas Estrada Palma, ex-president of Cuba, lies dead today at his house at Santiago de Cuba, the victim of infirmities of old age and disappointment over political reverses.

Palma was 73 years old and had been seriously ill for several months. He was a leading figure in Cuba's struggle for liberty and was prominent in

the insurrection of 1868 and in every uprising since that time.

In the last Cuban revolution Palma was a delegate-at-large to Washington and minister plenipotentiary for the republic. After the Spanish had been driven from Cuba, Palma was made president, assuming office in 1902.

He was re-elected, but during his second term political troubles arose and the second occupation of Cuba by American soldiers resulted. After appealing to President Roosevelt for aid, Palma resigned. Palma accused the Liberals of being responsible for most of his troubles, and on the other day, when General Gomez, the Liberal candidate for president, called on him, Palma received him so coldly that Gomez cut short his visit. A wife and four children survive him.

GIANT WALNUT TREE IN RIVER

Zanesville, Nov. 5.—R. M. Fink, one of the most prominent walnut buyers in southeastern Ohio, purchased of Oscar Tanner a walnut tree, lying in the bed of Licking river six miles west of Zanesville on Mr. Tanner's farm, supposed to be the largest in southeastern Ohio. This tree measured 52 inches at the stump. At sixty-two feet from the first cut it was twenty-four inches in diameter, and there is probably twenty feet more which is covered with eight feet of sand and gravel that he could not get out. This tree has been lying under eight to ten feet of sand and gravel for seventy-five years, as Mr. Oscar Tanner says he can't remember when the river channel was in this location before. Mr. James Tanner says he farmed over it seventy-five years ago. The change in the channel uncovered seventy feet of it. It was very expensive in getting it to the shipping point. William Dick of Hopewell took the contract of placing it at Duff's Falls, on the B & O railroad.

MYSTERY

Of the Guinness Murders Will Be Retold at Lamphere Trial, Which Begins Monday.

Laporte, Ind., Nov. 5.—Whether Mrs. Belle Guinness is alive or whether she died in the fire that killed her three children, is the question that will prove most interesting at the trial of Ray Lamphere which begins here Monday. Lamphere is charged with the murder of Mrs. Guinness and her children. His attorneys declare that they will disprove the case against him by proving that Mrs. Guinness herself is alive.

They declare that three people in Laporte saw the woman on July 9. The murder for which Lamphere is held was committed in April. The story of the 15 murders at the Guinness farm will be retold at the hearing.

MR. BRYAN WANTS TAFT ELECTED.

Lincoln, Nov. 5.—Mr. Bryan today wired President-elect Taft as follows: "Mr. Wood H. Taft, Cincinnati, Ohio. Please accept my congratulations and best wishes for the success of our nation under your administration."

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The chancellor's explanation as to how the interview reached the press is not accepted as satisfactory in many quarters and has aroused bitter criticism on the part of many German newspapers. MENTION HERRICK

WASHINGTON GOSSIPS ANTICIPATE TAFT'S SELECTIONS FOR NEXT CABINET.

Ohioan Mentioned for Secretary of Treasury—Frank H. Hitchcock Is Also Mentioned.

Washington, Nov. 5.—It is assumed pretty generally among those who are already speculating on the personnel of the Taft cabinet that Mr. Taft will look to his own state for some of his cabinet material, and this conjecture leads to ex-Governor Herrick of Ohio, whose name has been suggested in connection with the secretaryship of the treasury. Ex-Governor Herrick has long been identified with financial affairs, has taken an active interest in measures of governmental finance, and has been vice president of the American Bankers' association.

It appears to be quite generally accepted in the current speculation that Frank H. Hitchcock, chairman of the Republican national committee, will be included in the forthcoming cabinet, probably as postmaster general, a post for which he would have practical qualifications owing to his service until a few months ago as first assistant postmaster general in the present administration, a position he voluntarily relinquished to take personal charge of Mr. Taft's interests.

The name of Secretary Root is mentioned in connection with his present position, and if he desires to remain at the head of the state department he can undoubtedly do so. Secretary Wright is considered as a possible successor to himself in the war department, but others are of the opinion that he would prefer the position as attorney general.

WILL INHERIT \$500,000.
New York, Nov. 5.—The estate of K. Nelson Veit, the broker who killed his mother at the Ansonia hotel Tuesday night and then committed suicide will revert to his young widow, formerly Clara Jane Munroe, an actress, as will the estate of the late Mrs. Veit Sr. The two estates combined are valued at \$500,000.

ELECTION RETURNS

Will Appear in Friday's Advocate — The Election Board Busy Totalling Same.

The returns from the various precincts of Tuesday's election were slow in coming in and the count in several of the precincts was not completed until late Wednesday night and the returns were not reported to the board of deputy state supervisors until Thursday morning.

The board was in session all day Thursday, compiling the returns, and the official figures will appear in Friday's edition of the Advocate.

ENTERING THE LISTS EARLY.
Cleveland, O., Nov. 5.—Congressman Burton at once will begin an active campaign to be elected United States Senator by the Ohio legislature. He has 14 members-elect from Cuyahoga county pledged to his support. Arthur I. Vorys, Taft manager in Ohio, is looked upon as a formidable rival to Burton. He controlled the party machinery in the recent campaign, made strong friendships, and has a personal following. As Charles P. Taft of Cincinnati may be a candidate for Senator, President-elect William H. Taft can hardly interfere or give aid to any man in the contest.

DEMOCRATS CAPTURE STATE OFFICES.

Indianapolis, Nov. 5.—The Republican state committee has conceded all the state offices to the Democrats. Eleven Democratic congressmen are elected and the legislature is Democratic by eight on joint ballot.

Democratic aspirants for the senatorship are springing up. They are L. Ert Slack, defeated for the nomination for governor by Marshall B. F. Shively, and John W. Kern.

The Star (Rep.) editorially today blames the defeat in this state on the Fairbanks machine.

RESULT IN DOUBT.

Fargo, N. D., Nov. 5.—Though the North Dakota election result is settled in Taft's favor, it may take the official count to decide whether C. A. Johnson (R.) or John Burke (D) has been elected governor. Incomplete returns now indicate Burke's election by a very small plurality, but the Republican leaders claim a Johnson victory.

Supporters of M. N. Johnson and Marshall or the Republican nomination or the United States senate both claim a victory. The official count will probably be needed.

NEBRASKA AND COLORADO ARE DEMOCRATIC.

Omaha, Nov. 5.—Bryan carried the state probably by 10,000. Shallenbarger Democrat, elected governor. Only one Republican congressman is elected. The Democratic returns in Nebraska are as follows: Shallenbarger Democrat, elected governor. Colorado by about 6,000, and Shallenbarger Democrat, elected governor.

Anty Drudge Talks to an Indignant Woman.

Mrs. Topflat—"Just gaze at that skirt! Looks like a piece of Swiss cheese. Full of holes. My washwoman must use quick lime instead of soap."

Anty Drudge—"Why don't you wash at home?"

Mrs. Topflat—"At home, indeed! Why, as you know, I live in an apartment. Boil clothes on a gas range? Most likely land in the hospital."

Anty Drudge—"Why, dear, use Fels-Naptha and you don't have to boil the clothes. Lukewarm or cool water is all that's needed winter or summer. And I'll guarantee your clothes will never again be freckled with holes."

No sensible woman wants to do more work than is necessary to accomplish the best results.

And yet—

There are women who take a full day to do the weekly wash when it can be done in half the time and far better.

Is this because they don't know the Fels-Naptha way?

Or is the reason that they are so governed by habit that they hesitate to try a new method?

The Fels-Naptha way is so easy, so simple. Full directions are on the red and green wrapper.

THE ORPHIUM. Was favored last night with two fair houses in spite of it being the next day after election.

Today the entire show changes with Mansfield, and by phone message Manager Veasly tells Manager Moore that Newark is going to get one of the best shows that has ever played in Newark.

Manager Moore has a novel entertainment fixed out for his Friday night patrons. He has arranged for a five-round boxing contest at each show and he thinks there will be some real sport.

ESTIVAL

Grand Oratorio, "The Messiah," To Be Given in Auditorium Thursday, November 19.

If there was ever a time in the history of Newark when every seat should be filled in the Auditorium, it is on the above date. No one should, and no one will wish for their money back after listening to a performance of such high rank. "The Messiah" being the greatest musical work ever given to the world, and never before given in the city, should be enough alone to arouse such an interest in Newark and surrounding cities to such a wonderful undertaking. Newark has had a taste of good music and great singing. Greater musical productions are guaranteed, if Newark will respond heartily to the great work and advancement of such a worthy cause. The Newark Choral society is an organization, organized and bound together to do some great work that has been sadly neglected in the past years. It is time that the city of Newark is made musical and there is only one way to do it. It means that every one be interested in the musical welfare of our city. To do this it means many things for each and every one to do, be interested and support every great musical that is presented.

The Fall Festival of Song is put on with a chorus of 60 trained voices and four soloists. Marion Green of Chicago, basso-cantate singer, is without a peer in this country, and an artist of great reputation, and as known the world around. The McDonald sisters of Columbus, contralto and soprano singers, are known to sing "The Messiah" with great success. Mr. Flora of Newark will sing the tenor role. Mr. Flora has sang the "Messiah" many times with only the highest compliments.

There will be two pianos used in the performance and two of Newark's best pianists will play the score. Miss Besse Glenn and Miss Bertha Stevens.

Prof. Flora, who has directed the choruses since last May, promises that Newark never before has heard a grander chorus for its limited number than they will hear on the above night. Why should any hesitate to promote the society and greater musical in the future. Help place the society in a place where they can do what our city is in need of—to awaken the musical interests and be a booster. Watch for window cards and further announcements.

On November 12th the reserved seats will go on sale to all Associate members, they having first choice of seats. On November 13, the sale will be open to the public. Any member of the chorus will sell you a ticket, which you can get reserved on November 13.

Below are a few announcements for the chorus, and any who wish to become members of the society after the November performance.

All rehearsals will be held from now on in the Plymouth Congregational church. The evenings for rehearsal will be on Tuesdays and on Thursdays at 7:15 sharp.

All new members must present their names to any old member of the society. All persons must sign the constitution and bylaws before admittance is granted, as after January 15, 1909, an initiation fee of 50 cents will be charged to each one coming into the society.

Voices will be tested by the director before admittance gained to the society. More singers are wanted for the Lima contest and the May singing. Become a member of the society and receive the benefits that you are now missing.

ELLIS WILL RESIGN TODAY. Columbus, Nov. 5.—Attorney General Wade Ellis will resign his office this afternoon and leave at once for Washington to take up work as assistant in the office of attorney general of the United States. U. G. Denman, elected to succeed him Tuesday, will serve by appointment.

A TRUE PROPHECY. Judge Jonathan Rees prophesied truly when he said that Judge Judson Harmon would be the next governor of Ohio. On the day Mr. Harmon was nominated, Judge Rees telegraphed these words to Harmon: "You are the next governor of Ohio."

WILL REST AFTER CAMPAIGN LABOR

Judge Taft and Family Will Visit Hot Springs.

Cincinnati, O., Nov. 5.—William H. Taft gave hearty expression to the gratification he felt on his election as president of the United States. Business, labor and agriculture, he declared, had supported him. His success, he said, should be also the success of the country if his ability and endeavor could make it so.

"Please say that I am perfectly healthy, but tired," was the message Judge Taft wished uttered for him. With Mrs. Taft he has enjoyed the pleasant household of the C. P. Taft family mansion going forth only once and then to receive the plaudits of 2,000 of his fellow townsmen as they lined the streets and filled the windows for blocks in the line of march of the parade of the Woodward high school pupils, faculty and trustees. Mr. Taft made the principal address at the cornerstone laying of the new building of this school, from which he graduated when a boy.

The function gave the city an opportunity to pay its first daylight tribute to the president-elect, and full advantage was taken of it. Judge Taft did not refer to the election or politics in his brief address, but confined himself to the history of the school, which held for him many fond memories.

This morning he delivered a brief address before the Woman's Foreign Missionary society of the Methodist church, and this evening will attend a banquet of the Cincinnati Commercial club, these two occasions constituting the only public functions he will attend before leaving for Hot Springs, Va., Friday.

"I am going away for a complete rest of at least two weeks," said Judge Taft. "No, I am not going to hold political conferences, neither am I going to consider cabinet construction nor political appointments during this time. It is to be a period of as near absolute rest and quiet as I can make it."

PRESIDENT REJOICES

Shows Letter to Prove Claim as Political Prognosticator.

Washington, Nov. 5.—The president was in a very cheerful frame of mind, and told the newspaper men that the election of Mr. Taft wholly carried out a prophecy made in a letter written by him to Senator Lodge of Massachusetts, dated Oct. 26, 1908, in this letter the president said:

"Dear Cabot—Prophecy is very bad until after the event. Nevertheless I must send you a line to say that I think the situation is steadily improving in Ohio. East of the Alleghenies I believe we shall have a larger plurality than four years ago; in other words, that Taft's plurality will be greater than mine, and I think that our electoral vote will be larger east of the Alleghenies than four years ago, because I think the chances slightly favor us in Maryland, although this represents a good deal of guesswork."

"West of the Alleghenies I think we shall see a heavy falling off in the majorities as compared with 1904, but I do not anticipate the loss of any electoral votes excepting in Missouri and Nevada, and I am inclined to think that we have an even chance of carrying Kentucky."

PURITY.

Miss Burdette Marriott entertained with a Halloween party Saturday night. The rooms were prettily decorated with ferns, chrysanthemums, bitter-sweet berries, corn and fodder, Japanese lanterns and jack-o'-lanterns dimly lighted the porches and halls. The arriving guests were met at the gate by a goblin who conducted them to the door where two white-draped figures silently ushered them into the house where they were met by another ghost who preceded them up the stairs to the upper hall where two

A Delighted Mother Who Wishes All to Know of Her Recovery Through the Use of Father John's Medicine

A pressing request has come from Mrs. Powellson of 2 Osborn Place, Elizabeth, N. J., that the truth about her remarkable recovery may be known so that other sufferers may find the way to the great and lasting benefits contained in Father John's Medicine. "I have suffered with bronchitis and asthma," writes Mrs. Powellson, "and find Father John's Medicine excellent relief. I have the medicine at my bedside, every night and when I feel an attack coming on a teaspoonful breaks up the cough. "I give my children Father John's Medicine for colds and coughs. They like the medicine so well that they cry for it every time they see the bottle. I recommend it to everybody for colds and coughs. Please print this in the papers so everybody in need of Father John's Medicine can get help from it as I have." (Signed) Mrs. John Powellson, 2 Osborn Place, Elizabeth, N. J.

NEW IDEAS IN SHOEMAKING

The story of the great shoe industry at Endicott, N. Y., which is revolutionizing the shoe business of the country, is like the dream of a Columbus or a Marconi come true.

Only a few years ago two men with an idea and the courage of their convictions set out to accomplish something different, better and bigger than had ever been attempted in the manufacture of shoes.

Both were self-made men, born and bred in the shoe and leather trade. They were brought together by chance when the failure of a small factory in Southern New York presented an opportunity to acquire an established plant. This was twenty years ago.

The history of the ENDICOTT-JOHNSON CO.'S business since that time has been one of marvelous growth and the realization, step by step, of all that they had set out to accomplish.

Today this company is recognized as the largest and most complete organization in the world for the production and distribution of shoes.

It has the distinction of being the first and only shoe house to take a radical departure from established methods and make shoes beginning with the raw hides and place the finished product direct on the feet of the wearer through local stores, cutting out the profits of both tanner and jobber.

This company is the largest individual buyer of hides in the United States outside of the trust.

ENDWELL NEW SHOE FOR MEN

A Better Shoe for Less Money

You get from 50 cents to \$1.00 more value in ENDWELL shoes than in any others sold at the same price—\$3.00, \$3.50, \$4.00. Facts that anyone can understand prove this.

Made by ENDICOTT-JOHNSON CO.

This is the largest and most complete organization in the world for the production and distribution of shoes. It follows that Endicott factories lead in all the facilities for producing quality, style, fit and everything desirable in a shoe.

In addition, this company is the first and only shoe house in the world to make shoes direct from raw material (green hides) and place them in your local store, less all middlemen's profits.

Strong reasons why your next pair shall be ENDWELL.

DRANK POISON

(Continued from Page 1.) fought and smothered the blaze after the body had been dragged from the little building by two men that were passing at the time. The men did not give their names and no one knew them.

Mrs. Kemper Scott rushed to a telephone and called Dr. Carl Evans, who hurried to the scene and did all in his power to relieve the intense suffering of Roesch. An examination showed that from head to foot he was burned to a crisp, and his stomach and intestines were literally cooked by the corrosive sublimate he had drunk. His death is only a matter of a few hours according to the physician's statement this afternoon by Dr. Evans.

While it is barely possible that he may linger for a few days, yet his death is certain, for in his physical condition from Bright's disease the burns of his body will not heal and would cause his death even if the poison could be eliminated from the stomach.

He is perfectly conscious all the time and now regrets his action that will cause his death, and pleads pathetically to be allowed to live. His son Lewis, who lives in Redding, O., was telegraphed and arrived today at his father's bedside.

That Roesch has contemplated suicide for some time was evident from a conversation he held the other day, although at that time no attention was paid to his questions. A number of women at his home were discussing the suicide of a girl they had read about who drank carbolic acid and pouring oil on her clothing ignited it. He questioned them about different poisons at the time.

Roesch was always held in the highest esteem, and was always a hard working man, until he became ill and on account of Bright's disease was unable to attend to his work to support himself and wife. The neighborhood was thrown into a furor of excitement by his attempted suicide, but the report spread slowly and little if anything was known about it down street.

At 3:10 this afternoon Roesch succumbed to his injuries and died with his family at his bedside.

VERNON REDDING

Will Be Architect for New Methodist Church, Corner of Fifth and Locust Streets.

The building committee of the First Methodist church met Wednesday evening to further consider the plans for a fine new church to be built upon the 145x180 foot lot, corner of Fifth and Locust streets, purchased from Mr. W. N. Fulton. The committee has decided to secure the services of Mr. Vernon Redding, the Mansfield architect, who designed the new high school addition, the new Park National bank, and the proposed new First Presbyterian church. Between the present time and Dec. 8th the committee will proceed with the subscription, and it is hoped that sufficient progress will be made by that date to justify the committee in proceeding with the plans, preparatory to beginning work of building in the spring. It is proposed to build a church costing \$60,000 to \$75,000, with a parsonage in connection.

The Methodists have a magnificent lot and they are pleased with the proposed plan submitted by Mr. Redding. It provides for two main entrances to the church, one at the main tower on the corner of Fifth and Locust, and the other on Locust street. The church is located back on the lot several feet from both Fifth and Locust streets.

How to Overcome Incipient Lung Troubles

Open-air life in the great pine forests has proven one of the most successful ways of curing consumption. The very air of these forests is charged with the chemical elements of the pine, which have a wonderful healing effect on the membranes.

Remarkable results, however, have been obtained in incipient stages of lung trouble by open-air living at home and the use of the simple home-made remedy described below. This remedy is a good thing to keep in the home ready for use, for it is, of course, much simpler to treat a cough or cold when it first appears than to let it develop into serious lung or throat trouble. Here is the recipe:

Granulated Sugar Syrup.....12½ oz
Pinex.....2½ oz

Put the 2½ oz. of Pinex (fifty cents' worth) in a pint bottle and fill up with the Syrup, made as follows: Take a pint of pure white sugar, add ½ cup of water, stir and let boil just a moment. Keep the mixture well stirred and it will soon become a thick, creamy syrup. Every one, two or three hours as required.

Obtimate, chest-colded coughs yield quickly to this simple remedy, usually in 24 hours. It is also especially good for whooping cough, hoarseness and bronchial troubles and similar ailments. The taste is very pleasant.

In making this remedy do not expect the best results by using any of the weaker pine oil or pine tar preparations. Use the real Pinex, full strength, as it is the most valuable concentrated compound of Norway White Pine Extract and is rich in all the natural elements of the pine. If your druggist does not have it in stock, you can easily order it for you, if you ask him.

The full pint of this unequalled remedy costs only about 40 cents and will last a whole family a long time.

GRANVILLE

Granville, Nov. 5.—Mrs. C. J. Eddy of Oklahoma is spending a few days with her sister, Mrs. Ullman of Pearl street. Her husband is an older brother of Rev. Clarence M. Eddy of Urbana, who married Miss Grace Harford of Granville. Mrs. Ullman had a number of ladies of Granville at her home on Wednesday evening, Nov. 4, to hear Mrs. Eddy's account of an interesting orphanage work in Oklahoma, which has recently been placed in charge of the American Baptist Home Mission society. Both Mrs. Ullman and Mrs. Eddy are daughters of Mrs. W. E. Lyon of Medina, O., who was an early teacher of John D. Rockefeller.

On Wednesday evening a number of the young ladies were most delightfully entertained by the Phi Gams at their chapter house, among them being the Misses Alma Polk, Sue Theobald, Helen Lamson, Louise Ferguson, Alva Edwards, Bess Billman, Johnson, A. Davis, Miss Kibler chaperoned.

After a short but pleasant visit with friends and relatives in the village, Miss Callie Morris has returned to her home in Mountville, W. Va.

Thomas Harcourt of Mt. Gilead, was in the village Tuesday on business. The barn belonging to Charles Johnson, near Maple Grove cemetery, burned Thursday morning about 2 o'clock, together with all its contents. The loss will amount to several hundred dollars.

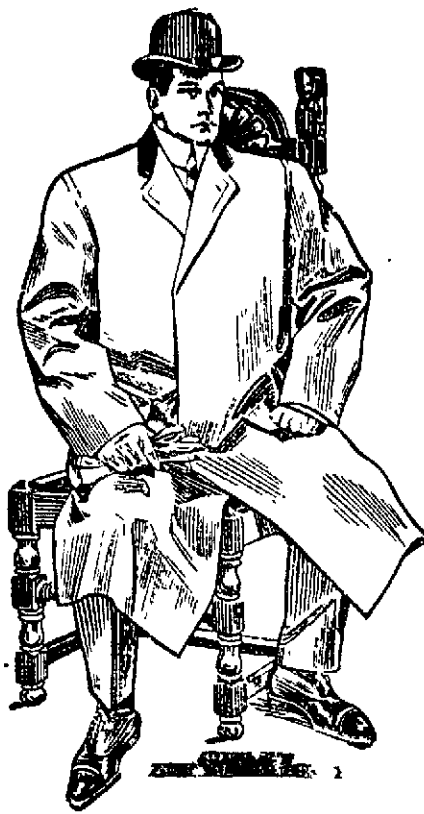

The advertised local option meeting was held in the Opera House Wednesday night. Dr. H. R. Hundley presided. Speeches were made by J. H. Miller, ex-president of the Licking County Local Option League, and Dr. Hunt, president of Denison university. Music for the occasion was furnished by the Denison Quartet, and Mrs. Farrar sang very entertainingly.

W. C. T. U. NOTES.

A splendid meeting was held in the First A. B. Church parlors Tuesday afternoon from 2 until 5 o'clock with a good attendance.

After a short business session, the minutes of the previous meeting were read and approved, closing with singing and prayer. This was a most very profitable meeting, all feeling it was well to be there.

Next week reports of superintendents will be heard. Let all come prepared.

MERCURY

In Thermometers Hit Toboggan and Draps Into the Twenties—Ice Formed on Exposed Water.

A nice cold chunk of weather was dished out to Newark residents Wednesday night, when the mercury hit the toboggan and slid way down the degrees. It was the coldest night we have had this fall and those who were out of doors fully realized the fact.

At 7 o'clock the thermometer registered 27, but the cold north wind sent the mercury in the tube down to 25 by 9 o'clock. Ice formed on exposed water, and in a bucket left under the well pump in the court house yard the water froze solid. Snow flurries occurred in the northern part of the state last night.
